

Squiggle 2.0 with Progressive Dough Disco Online Training

In partnership with St Ives Infant & Nursery School Cornwall

20th April 4:15PM to 6PM

Do you need to rapidly improve your children's writing?

Squiggle 2.0 is everything you need to impact on writing with instant results. It's an updated programme of Shonette's original programme Squiggle Whilst you Wiggle with nine separate dances that provide a missing link between mark making and letter formation.

Squiggle is:

A combination of gross motor movements that impact on fine muscle
Making Marks that make letters
Pre cursive to assist when cursive is introduced
Developmentally impacting

Within this lively training the practitioner will learn:

Why movement based approaches will make the most impact post pandemic and beyond.
How to implement Squiggle and Dough Disco immediately
What to do each step of the way to progress Squiggle into writing
When to fit it into an already packed school/nursery day

Implemented into a classroom/setting daily use of the methods provided in this training can impact a child's letter formation and fine muscle control within weeks. An example of the progress is shown below:

1 – Dated 27/9/20

2 – Dated 14/10/20

Shonette is an outstanding EYFS and Year 1 practitioner, International Speaker, award winning author and has designed this step by step simple and impacting programme. Her work is done Internationally in over 36 countries world-wide.

Price: £67 plus VAT per person - Including one month's subscription to School of Spread the Happiness for each delegate
