# Phonics to Fluency Webinar

**Guest Speaker: Christopher Such**

Thur 9th November | 3:30pm to 5:00pm

This session will focus on reading fluency as the bridge between word recognition and comprehension exploring five key strands:

- The theory behind word recognition and phonics.
- The definition of reading fluency and related developmental processes.
- Practical strategies for supporting reading fluency development.
- The reciprocal relationship between reading fluency and comprehension.
- The role of reading fluency assessments in a systematic approach to reading assessment.
