

# Maths at the Transition

## Evidence-informed approaches to improving the primary-secondary transition in maths

This course is aimed at primary and secondary maths teachers and leaders aiming to **improve the transition process** by increasing teachers' knowledge of approaches, curriculum and expectations in the other key stage. It is also a great opportunity to strengthen links between primary and secondary staff and **create impactful curriculum coherence** between schools.

The course is led by **Debbie Weible**, (Evidence Lead in Education for primary maths, Devon maths hub lead for CODE maths hub and lead maths PD across the region) and **Sandra Westlake** (Evidence Lead in Education for secondary maths, expert teacher for the Mathematics Enhancement Project, and Head of Mathematics at Dartmouth Academy).

**£295 per secondary participant**  
**£245 per primary participant**
