

Cornwall Wellbeing Hub

MH Leads Network

As part of the development of the Cornwall Wellbeing Hub we are supporting the development of a Cornwall Mental Health Leads in Schools Network.

The Network will provide **support / training / resources / policies / good practice** and bring together leads and anyone interested in developing a whole school / setting approach to wellbeing to share ideas / information and mutual support.

The Network will benefit from support by **Dr Pooky Knightsmith / Creative Education** (including **full and free access to the Creative Education online**, on demand training portal / webinars and resources).
