If you would like this leaflet in large print, braille, audio version or in another language, please contact the Patient Advice and Liaison Service (PALS) on 01872 252793.

Royal Cornwall Hospitals
NHS Trust

Missed appointments

Missed appointments in Children's Outpatients cost your local hospital time and money.

One + all | we care

We asked some local children to help us by illustrating what this means to them...

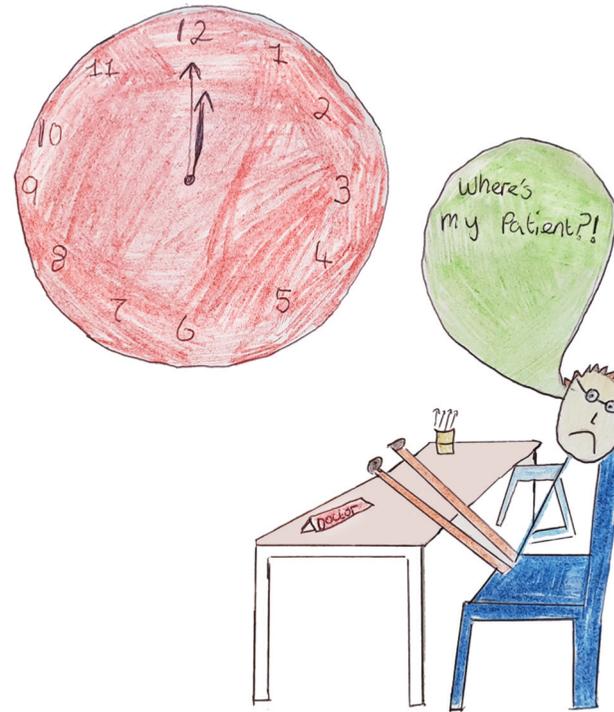

Lots of missed appointments increase the waiting times for the child and family who missed the appointment, and all the other children waiting to be seen as well.

if you are on time, we can make you feel better! 😊

Do you know what a missed clinic appointment costs the NHS? On average, a missed clinic appointment costs the hospitals £100!

If you know that you are unable to attend your appointment and will need to cancel, please call us 3 or more days before it is due so that we can offer it to another family.

DON'T FORGET!!!!!!
