

## **Every Leader a Leader of SEND**

Cornwall Council and Whole School SEND<sup>1</sup> are organising a series of online workshops for Trust Leaders and school leadership teams on the essential information and actions for leaders in leading SEND across a school or multi-academy trust.

The training will be led by Malcom Reeve, National Leader at Whole School SEND, a National Leader in Education (NLE) and author of the SEND Review Framework for multi-academy trusts.

The programme, *Every Leader a Leader of SEND*, is in place in many areas across England and together with its associated practical tools is influencing both practice and the leadership, management and governance of SEND in schools and academies.
