# Neglect Conference

Wednesday 19th June 2024, 08.45-16.00

Royal Cornwall Hospital - Richard Farrow Lecture Theatre (G10), Knowledge Spa & Virtual Attendance

Neglect changes childhood. Any child can suffer neglect, but some children and young people are more at risk than others, and the effects can be long-term. This conference will explore this subject further, hear from leading experts, exchange knowledge, and share how to apply this to your practice. We will also be joined by Lads Like Us, who are on a mission to educate a million professionals with their lived experience.

If you would like to attend, please email [cft.safeguarding@nhs.net](mailto:cft.safeguarding@nhs.net) stating whether you will attend in person or virtually and include your area of work - attendance contributes to NHS Level 3 safeguarding training compliance.

There will be networking opportunities over morning coffee and biscuits, alongside stands from partner services and organizations.
